## IMPORTANT THINGS TO KNOW TODAY

#### TONIGHT'S DINNER DRESS SUGGESTION - Smart Casual.

Smart Casual Attire - Sundresses or slacks and blouses for the ladies, sports shirts and trousers for the gentlemen.

#### SAFETY TIP - Drying off after using the pool helps prevent slips and falls.

**BODY CAMERAS IN USE** - For the safety and well-being of all persons onboard, some members of our Security Team will be wearing Body Cameras as part of their uniform.

**POOL TOWEL CHECK-OUT AS EASY AS 1, 2, 3** - But leave it behind and it's a \$25 fee! All you have to do is present your SeaPass card to the pool attendant, check out as many towels needed, and return them at the Towel Station with your SeaPass card. A \$25 fee per each unreturned pool towel will be added to your onboard expense account. Towel Station hours: 8:00 am to 9:00 pm daily.

**ALL POOL DECK CHAIRS ARE FIRST COME, FIRST SERVED** - We hope you have a great time at the pool today. Please keep in mind that pool deck chairs are for the enjoyment of all of our guests. Pool deck chairs are only available on a first come, first served basis and may not be reserved. Thank you for your cooperation.

**CHILDREN'S PERSONAL FLOATATION DEVICES** - For the safety and well being of your children, swimming pool personal floatation devices are available free of charge at the pool deck areas. Personal floatation devices (PFDs) are for use onboard and cannot be taken off the ship.

**AMBER THEATER AIR CONDITIONING** - Amber Theater seats roughly 1400 guests, and for the comfort of the entire audience, is kept at a regulated, cool temperature. As *Mamma Mia!* runs 2.5 hours, guests who are sensitive to cold may wish to bring a sweater or warmer attire.

**SHOW RESERVATIONS REQUIRED** - Make your reservations now at the Box Office. (Times listed in the planner) Doors are open for guests with reservations 45 minutes prior to showtimes. We kindly request all guests to be seated 15 minutes prior to showtime as 10 minutes before showtime, any available seats will be released for guests without reservations.

**GUEST CONDUCT POLICY** - For the safety, comfort and enjoyment of all Royal Caribbean International guests, we have developed certain guest conduct guidelines for both adults and children. These guidelines cover a variety of areas including but not limited to: •Safety and Security •Guest and Crew Interaction •Verbal Abuse or Offensive Language •Inappropriate or Abusive Behavior •Unsafe, Discourteous or Disruptive Behavior •Smoking •Alcohol •Parental Responsibility •Prohibited Items and Illegal Substances •Illness and Isolation of Guests. If Royal Caribbean International determines that any guest is in violation of the Guest Conduct Policy, we may order the offending party to leave the ship at the next available port of call.

**SEAPASS CARDS** - Please Note: That the SeaPass cards are not to be placed next to other credit cards, cell phones or magnets as they can damage the magnetic band and stop them from working.

**SEAPASS CASH ACCOUNT LIMITS** - Please be aware that the credit limit is \$500 for guests with cash SeaPass accounts. Once this limit is reached, the account will be deactivated. To reactivate the account, a cash deposit must be made on the account, or a credit card must be linked to the account. Stop by the Guest Services Desk to register your credit card.

**WE'RE SENSITIVE!** - We kindly request not to flush anything down the toilets except for the supplied toilet paper. Items such as wet wipes, tissue paper, make-up remover wipes, cotton buds, paper towels, sanitary products, nappies etc. will clog the system. Our system is very sensitive and works on a vacuum unlike land based systems. Please do not place excessive amounts of toilet paper in the toilet bowl as this will block the toilet and cause disruption to the entire vacuum system. We appreciate your cooperation.

**HELPFUL HEALTH INFORMATION** - Medical experts tell us that the best way to prevent colds, flu, or gastrointestinal illnesses - such as Norovirus that can be transferred easily through person-to-person contact - is to simply wash your hands thoroughly with soap and warm water after restroom breaks and again before eating anything. Symptoms of Noroviruses include an upset stomach, vomiting and diarrhea. According to the United States Centers for Disease Control and Prevention, Noroviruses affect 23 million Americans on land each year. In fact, the only illness that is more prevalent is the common cold. Should you experience any symptoms of gastrointestinal illness, please visit the ship's medical facility for a consultation and treatment if necessary.

**TOMORROW IS DAY 3** - We will be in Labadee, Haiti

## IMPORTANT THINGS TO KNOW TODAY

SHIP'S ARRIVAL: 8:00 am

GANGWAY OPEN: 8:30 am - Estimated, based on clearance by local authorities

ALL ABOARD: 4:00 pm

GANGWAY: Please use the gangway button in the elevator.

**TONIGHT'S DINNER DRESS SUGGESTION** - Casual/Caribbean Please note that swimsuits, robes, bare feet, tank tops, baseball caps & pool wear are not allowed in the main dining restaurants or specialty restaurants. T-shirts, shorts & flop-flops are acceptable for lunch.

**BODY CAMERAS IN USE** - For the safety and well-being of all persons onboard, some members of our Security Team will be wearing Body Cameras as part of their uniform.

**GOING ASHORE** - We recommend for our guests to use the gangway button in the elevator and follow the digital signage. For guests on tours, please consult your tour tickets. Please note the first hour upon arrival could be the busiest time on the gangway.

**SEAPASS CARD** - Don't forget to bring your SeaPass card today when you leave for Labadee. A security checkpoint will be set up at the gangway for your safety.

**MONEY ON LABADEE** - Please be advised that your SeaPass card can be used at all bars ashore. However, if you wish to purchase souvenirs from the Artisans' market or authentic Haitian Flea market, United States currency, Visa & MasterCard are accepted.

**IMPORTANT NOTICE TO OUR YOUNG CRUISERS** - Those guests 17 years of age and under who are not accompanied by an adult must be clear of all public areas by 1:00 am each evening unless involved in an Adventure Ocean activity / Teen activity. For further guidance please refer to the Guest Conduct Policy which can be found in the Cruise Services Directory in your stateroom. Get ready for fun. Check out the Daily Planner for each day's activities.

**POOL TOWEL CHECK-OUT AS EASY AS 1, 2, 3** - But leave it behind and it's a \$25.00 fee! All you have to do is present your SeaPass® card to the pool attendant, check out as many towels needed, and return them at the Towel Station with your SeaPass® card. A \$25.00 fee per each unreturned pool towel will be added to your onboard expense account. Towel Station hours: 8:00 am to 9:00 pm daily.

**HELPFUL HEALTH INFORMATION** - Medical experts tell us that the best way to prevent colds, flu, or gastrointestinal illnesses - such as a Norovirus that can be transferred easily through person-to-person contact - is to simply wash your hands thoroughly with soap and warm water after restroom breaks and again before eating anything. Symptoms of Noroviruses include an upset stomach, vomiting and diarrhea. According to the United States Centers for Disease Control and Prevention, Noroviruses affect 23 million Americans on land each year. In fact, the only illness that is more prevalent is the common cold. Should you experience any gastrointestinal illness, please visit the ship's medical facility for a consultation and treatment if necessary.

**WE'RE SENSITIVE!** - We kindly request not to flush anything down the toilets except for the supplied toilet paper. Items such as wet wipes, tissue paper, make-up remover wipes, cotton buds, paper towels, sanitary products, nappies etc. will clog the system. Our system is very sensitive and works on a vacuum unlike land based systems. Please do not place excessive amounts of toilet paper in the toilet bowl as this will block the toilet and cause disruption to the entire vacuum system. We appreciate your cooperation.

**TOMORROW IS DAY 4** - We will be in Falmouth, Jamaica

### NOTICES

**Diseases Spread by Mosquito:** To reduce the risk of contracting diseases spread by mosquito, including Zika, Malaria, Dengue Fever, Chikungunya and others, take precautions to avoid mosquito bites by remaining in screened or air conditioned areas when possible, by wearing clothing that covers the arms and legs, and by applying insect repellent to both skin and clothing. The most effective repellents contain DEET at a concentration of 20-30%. Mosquito repellent can be purchased in the ship's gift shop or medical facility.

**Diseases Spread by drinking contaminated water:** According to the (CDC), sources of drinking water are subject to contamination and require appropriate treatment to remove disease-causing contaminants which can lead to adverse health effects, including gastrointestinal illness, reproductive problems, and neurological disorders. Infants, young children, pregnant women, the elderly, and people whose immune systems are compromised may be especially susceptible to illness. To reduce these risks, we recommend consumption of only bottled water from sealed containers.

## Allure of the Seas

**DAY 4** Wednesday, January 3, 2018  
Today we are in: Falmouth, Jamaica

### ENJOY FALMOUTH, JAMAICA

The Caribbean's Georgian-Style Gem. Once a major port in the 18th and 19th centuries, this Jamaican port grew incredibly wealthy from sugar production. Ships laden with sugar and rum would leave for Britain daily, just as others would arrive with slaves. It was an age of prosperity and sophistication, marked by the splendid Georgian-style "Great Houses" still perfectly intact today. On the other hand, it was a economy entirely dependent on the slave trade—an age of inhumanity overshadowed by great fortune. All that came to an end with the Emancipation in 1840, and today, it's as if time stands still in colonial Falmouth. Many of the same quaint wooden houses still line the streets, with village carpenters handcrafting custom furniture in age-old tradition. A few of the old Georgian brick mansions and sugar plantations are now open to visitors, full of antiques and memorabilia to feed the imagination. And Falmouth's tropical setting is just as romantic. A 30-foot bamboo raft takes you down the Martha Brae River as you listen to the legends of an era gone by.

Symptoms of Noroviruses include an upset stomach, vomiting and diarrhea. According to the United States Centers for Disease Control and Prevention, Noroviruses affect 23 million Americans on land each year. In fact, the only illness that is more prevalent is the common cold. Should you experience any gastrointestinal illness, please visit the ship's medical facility for a consultation and treatment if necessary.

## NOTICES

**Diseases Spread by Mosquito:** To reduce the risk of contracting diseases spread by mosquito, including Zika, Malaria, Dengue Fever, Chikungunya and others, take precautions to avoid mosquito bites by remaining in screened or air conditioned areas when possible, by wearing clothing that covers the arms and legs, and by applying insect repellent to both skin and clothing. The most effective repellents contain DEET at a concentration of 20-30%. Mosquito repellent can be purchased in the ship's gift shop or medical facility.

**Diseases Spread by drinking contaminated water:** According to the (CDC), sources of drinking water are subject to contamination and require appropriate treatment to remove disease-causing contaminants which can lead to adverse health effects, including gastrointestinal illness, reproductive problems, and neurological disorders. Infants, young children, pregnant women, the elderly, and people whose immune systems are compromised may be especially susceptible to illness. To reduce these risks, we recommend consumption of only bottled water from sealed containers.

**WE'RE SENSITIVE!** - We kindly request not to flush anything down the toilets except for the supplied toilet paper. Items such as wet wipes, tissue paper, make-up remover wipes, cotton buds, paper towels, sanitary products, nappies etc. will clog the system. Our system is very sensitive and works on a vacuum unlike land based systems. Please do not place excessive amounts of toilet paper in the toilet bowl as this will block the toilet and cause disruption to the entire vacuum system. We appreciate your cooperation.

**WE'RE SENSITIVE!** - We kindly request not to flush anything down the toilets except for the supplied toilet paper. Items such as wet wipes, tissue paper, make-up remover wipes, cotton buds, paper towels, sanitary products, nappies etc. will clog the system. Our system is very sensitive and works on a vacuum unlike land based systems. Please do not place excessive amounts of toilet paper in the toilet bowl as this will block the toilet and cause disruption to the entire vacuum system. We appreciate your cooperation.

**HELPFUL HEALTH INFORMATION** - Medical experts tell us that the best way to prevent colds, flu, or gastrointestinal illnesses - such as a Norovirus that can be transferred easily through person-to-person contact - is to simply wash your hands thoroughly with soap and warm water after restroom breaks and again before eating anything. Symptoms of Noroviruses include an upset stomach, vomiting and diarrhea. According to the United States Centers for Disease Control and Prevention, Noroviruses affect 23 million Americans on land each year. In fact, the only illness that is more prevalent is the common cold. Should you experience any gastrointestinal illness, please visit the ship's medical facility for a consultation and treatment if necessary.

### NOTICES

**Diseases Spread by Mosquito:** To reduce the risk of contracting diseases spread by mosquito, including Zika, Malaria, Dengue Fever, Chikungunya and others, take precautions to avoid mosquito bites by remaining in screened or air conditioned areas when possible, by wearing clothing that covers the arms and legs, and by applying insect repellent to both skin and clothing. The most effective repellents contain DEET at a concentration of 20-30%. Mosquito repellent can be purchased in the ship's gift shop or medical facility.

**Diseases Spread by drinking contaminated water:** According to the (CDC), sources of drinking water are subject to contamination and require appropriate treatment to remove disease-causing contaminants which can lead to adverse health effects, including gastrointestinal illness, reproductive problems, and neurological disorders. Infants, young children, pregnant women, the elderly, and people whose immune systems are compromised may be especially susceptible to illness. To reduce these risks, we recommend consumption of only bottled water from sealed containers.

### NOTICES

**Diseases Spread by Mosquito:** To reduce the risk of contracting diseases spread by mosquito, including Zika, Malaria, Dengue Fever, Chikungunya and others, take precautions to avoid mosquito bites by remaining in screened or air conditioned areas when possible, by wearing clothing that covers the arms and legs, and by applying insect repellent to both skin and clothing. The most effective repellents contain DEET at a concentration of 20-30%. Mosquito repellent can be purchased in the ship's gift shop or medical facility.

**Diseases Spread by drinking contaminated water:** According to the (CDC), sources of drinking water are subject to contamination and require appropriate treatment to remove disease-causing contaminants which can lead to adverse health effects, including gastrointestinal illness, reproductive problems, and neurological disorders. Infants, young children, pregnant women, the elderly, and people whose immune systems are compromised may be especially susceptible to illness. To reduce these risks, we recommend consumption of only bottled water from sealed containers.

Fill out your profile and answer CBP's questions - then go straight to the "Mobile Passport Control" express lane in the terminal on Sunday. For more information check the information on your TV.

**HELPFUL HEALTH INFORMATION** - Medical experts tell us that the best way to prevent colds, flu, or gastrointestinal illnesses - such as a Norovirus that can be transferred easily through person-to-person contact - is to simply wash your hands thoroughly with soap and warm water after restroom breaks and again before eating anything. Symptoms of Noroviruses include an upset stomach, vomiting and diarrhea. According to the United States Centers for Disease Control and Prevention, Noroviruses affect 23 million Americans on land each year. In fact, the only illness that is more prevalent is the common cold. Should you experience any gastrointestinal illness, please visit the ship's medical facility for a consultation and treatment if necessary.

### NOTICES

**Diseases Spread by Mosquito:** To reduce the risk of contracting diseases spread by mosquito, including Zika, Malaria, Dengue Fever, Chikungunya and others, take precautions to avoid mosquito bites by remaining in screened or air conditioned areas when possible, by wearing clothing that covers the arms and legs, and by applying insect repellent to both skin and clothing. The most effective repellants contain DEET at a concentration of 20-30%. Mosquito repellent can be purchased in the ship's gift shop or medical facility.

**Diseases Spread by drinking contaminated water:** According to the (CDC), sources of drinking water are subject to contamination and require appropriate treatment to remove disease-causing contaminants which can lead to adverse health effects, including gastrointestinal illness, reproductive problems, and neurological disorders. Infants, young children, pregnant women, the elderly, and people whose immune systems are compromised may be especially susceptible to illness. To reduce these risks, we recommend consumption of only bottled water from sealed containers.

**Towels** - As a friendly reminder, please return all pool towels to the Towel Station before 9:00 pm tonight. A \$25.00 fee per each unreturned pool towel will be added to your onboard expense account. Thank you.

**Smoking Policy** - All indoor public spaces on Allure of the Seas are smoke free with the exception of the Casino which has designated smoking and non-smoking areas. Smoking is not permitted in the staterooms or on stateroom balconies including all Suites & Lofts. Designated outdoor smoking areas are located on the port side of Deck 15 and 16. Electronic cigarettes or e-cigarettes are only permitted within designated smoking areas.

**TELL US HOW WE DID AND ENTER A CHANCE TO WIN** - We love to hear the details of your adventure. So make sure to check your email after you get back for our quick online Guest Satisfaction survey. You have up to a week to fill it out, and you'll be automatically entered for a chance at winning a 7-night Caribbean sailing with us. Visit <http://royalcaribbeansurveysweeps.com/> for full information on the 7-night Caribbean sailing giveaway.

**Helpful Health Information** - Medical experts tell us that the best way to prevent colds, flu, or gastrointestinal illnesses - such as a Norovirus that can be transferred easily through person-to-person contact - is to simply wash your hands thoroughly with soap and warm water after restroom breaks and again before eating anything. Symptoms of Noroviruses include an upset stomach, vomiting and diarrhea. According to the United States Centers for Disease Control and Prevention, Noroviruses affect 23 million Americans on land each year. In fact, the only illness that is more prevalent is the common cold. Should you experience any symptoms of gastrointestinal illness, please visit the ship's medical facility for a consultation and treatment if necessary.

**MARPOL Convention** - Discharge of all garbage into the sea is prohibited except provided otherwise. The MARPOL Convention and domestic law generally prohibit the discharge of most forms of garbage from ships into the sea. Violation of these requirements may result in penalties. All garbage is to be retained onboard and placed in the bins provided.
